

DIGITALEXPERIENCECREATORS

Mission

Our mission is to be **leaders in the diffusion of the most advanced digital technology** using our know-how and a team of communication experts to create value, optimizing our clients' way of communicating.

Tiviz is a “Società Benefit”

In 2021 Tiviz became a “Società Benefit” in order to contribute to social welfare, **generating a positive social and environmental impact.**

Tiviz is certified ISO 9001:2015

We have undertaken this ambitious path to guarantee our partners an excellent level of service with constant supervision of the processes and the product standards.

A necessary choice, aimed at the complete integration of the processes to develop a culture of continuous improvement.

In our DNA

Quality at the highest standards, functionality and durability of projects, striving for maximum innovation and originality.

Digital Signage

Specialized for almost 20 years in Digital Signage, Tiviz is a System Integrator that offers a complete service: definition of the project specifications, installation, complete management of SAAS service, widespread technical support and assistance.

[Play Installations Showreel](#)

Tailor-made and fully-customized video channels

Advanced planning of date and time of start and end broadcast of each content

Constant monitoring of the proper functioning system operations from Tiviz Control Centre

Possibility of diversifying the contents for each screen/retail outlet

Statistics on on-air programming in the previous periods

Possibility of relating creativities in real time when certain conditions occur

Digital Signage

Tiviz manages its own channels from a proprietary control room and is certified on the main Digital Signage softwares. Its main partner is YCD C-nario.

We can choose the most suitable solution for our clients' needs and guide them through their transition from one platform to another.
